 FIN # 77-0281027

Without your participation and support, the Farm Day Experience would not be possible. Your contribution of time, materials and/or equipment, and product is greatly appreciated. The importance of our efforts to raise the ag awareness increases each year. As an industry, we must work to teach our community the value and importance of agriculture. Documentation of your "in kind" contribution helps in seeking additional financial support to continue to "plant the seeds of knowledge" so that our agriculture industry and our community may "harvest the benefits of understanding".
Thank you for being a part of this vital task!

Name: _____ **Date:** _____

Company: _____
